

**TUSTIN UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

PAUL WHITELY

OCCUPATION: Public Works Engineering Technician

Dear Neighbors,

My wife Lesa and I are the proud parents of two children in the Tustin Unified School District. My son Daniel attends Red Hill Elementary School, and my daughter Ann attends Tustin High School.

I came to Tustin as a Marine in 1982, where I served during Panama, Granada, and Desert Shield. While deployed, I volunteered at a school in Hiroshima and at an orphanage for handicapped children in southern Japan.

After an Honorable Discharge, I have worked for over 14 years in Public Works, where I have assisted in Council presentations, and have successfully obtained over \$2.8 million in grant reimbursements.

I care about children and believe the School Board needs members like myself, with a vision. I care about:

Class size.

Balanced budgets.

Preparing children for higher education.

I want your vote and support in the election for Tustin Unified School Board. I have the required dedication and commitment the Board needs and our district deserves. I will contribute to the bright future of our District, because Every Kid Counts!

With your vote and support, I would like to serve our children, with pride, dignity, dedication, and commitment. Contact me at (714) 832-4963 or at www.ForPaul.com
